

P.O.P.

Treasury Department,

OFFICE OF THE DIRECTOR OF THE MINT,

Washington, D. C., May 18, 1890.

Sir:

I have received your letter of the 17th inst. enclosing duplicate receipted bills of Messrs Harrison Bros. & Co. for five carboys of Nitric Acid shipped to the Mint at Carson City, Nevada.

From an examination of the account of Harrison Bros. & Co., I am led to believe that Parting, instead of Chemically Pure Nitric Acid, as requested in my letter of the 29th ultimo, has been shipped, and before referring the accounts for settlement I desire to be informed whether Parting or Chemically Pure Nitric Acid was shipped.

Very respectfully,
Thomas B. Orchard
Director.
